TOBACCO WAS FIRMER

Speculation at the Stock Exchange Was Quiet and Professional.

NORTHERN PACIFIC TRANSACTIONS LIGHT

ugar Displayed Moro Life and Recorded the Best Price of the Week-Advance in Certain Classes of Sugar Strengthened the Market

New York, March 14.—Speculation at ne Stock Exchange was quiet and proessional again to-day. At the opening he market was firm for tobacco and reak for General Electric. The transctions in Northern Pactific stock were not \$8,300 shares and represent the selling by small holders who desire to evade he payment of the heavy assessment which is regarded as inevitable under the law of reorganigation now being disthe payment of the neavy assessment which is regarded as inevitable under the plan of reorganigation now being discussed by leading bankers. It is understood that the scheme will be given out on Monday next. In the closing hour of business Sugar displayed more life and advanced to 117%, the best price of the week. The advance in certain classes of refined Sugar strengthened the market for certificates. Tobacco moved up to 83%@82% on buying by brokers identified with the inside interests. Rumors of air early resumption of dividends forced timid shorts into covering and this buying was partly responsible for the improvement. Distilling and cattle feeding was firm. Speculation closed firm in tone. Sugar leading. Northern Pacific lost ¼ per cent., preferred 2%, and General Electric % per cent.

Total sales were 109.071, of which 48,600 were Tobacco, 10,100 Sugar, 10,000 General Electric, and 7,100 distilling.

FOR BABY'S SKIN Scalp and Hair

The most effective skin purifying and beautifying soap in the world, as well as purest and sweetest for toilet, bath, and nursery. For distressing facial eruptions, pimples, blackheads, irritations of the scalp, dry, thin, and falling hair, red, rough hands, chaings, and simple rashes and blemishes of childhood, it is absolutely incomparable.

Nervous Prostration Cured by Dr. Miles' Nervine.

战战(2014年4月

Prolonged derangement of the nervous system not only affects the brain and men-tal powers, but develops disease in some of the vital organs. The most dangerous of these indirect results is when the heart is affected. This was the case of the Rev. N. F. Surface, Fawn River, Mich., who writes under date of Feb. 14, 1895:

"Fourteen years ago I had a slight stroke of paralysis. Overwork brought on nervous prostration. I was exceedingly nervous and the exertion of public speaking caused heart paiplination that threatened my life. I used two bottles of Dr. Miles' New Heart Oure for my heart trouble, and two of Dr. Miles' Restorative Nervine for my nervousness and feel hetter than I ever expected to feel again. I san speak for hours without tiring or having my heart flutter as it for-merly did, and I have you to thank that I

am alive today."
